

## SCENARIO: THE SCREENSHOT

DIGITAL MENSCHES

A student takes a screenshot of an embarrassing private message from another student and shares it in a group chat. Several others have already seen it by the time a teacher finds out.

*Which commandments apply? What would you do?*

## SCENARIO: THE RUMOR

DIGITAL MENSCHES

A teen in your youth group posts a vague but clearly negative story on social media that everyone knows is about another member. Comments start piling on.

---

## SCENARIO: THE AI ESSAY

DIGITAL MENSCHES

A student submits a beautifully written essay for a Jewish studies class. Another student says they saw the first student copying and pasting from ChatGPT. The student says they "just used AI to help organize their thoughts." Where is the line?

---

*Which commandments apply? What would you do?*

## SCENARIO: THE AI COMPANION

DIGITAL MENSCHES

A 14-year-old in your youth group mentions that they talk to an AI chatbot every night because "it understands me better than my friends do." They seem to be pulling away from real-life social connections.

---

*Which commandments apply? What would you do?*

## SCENARIO: THE DEEFAKE

DIGITAL MENSCHES

Someone uses AI to put a classmate's face on an embarrassing or inappropriate image. It's circulating in a group chat. The creator says it was "just a joke."

---

*Which commandments apply? What would you do?*

## SCENARIO: THE STOLEN ART

DIGITAL MENSCHES

A student uses an AI image generator to create artwork for a school project. Another student points out that the AI was trained on real artists' work without permission. The first student says, "I didn't steal anything. The AI made it."

## SCENARIO: THE ENVIRONMENTAL QUESTION

DIGITAL MENSCHES

During a discussion about tikkun olam, a camper asks: "If AI uses so much energy and water, is it ethical for us to use it at all?" How do you guide that conversation?

---

*Which commandments apply? What would you do?*

## SCENARIO: THE MISINFORMATION SHARE

DIGITAL MENSCHES

A participant shares a dramatic news story in the group chat that turns out to be AI-generated misinformation. Others have already reposted it.

---

*Which commandments apply? What would you do?*

## SCENARIO: THE PILE-ON

DIGITAL MENSCHES

Someone in your community posts an unpopular opinion. Within hours, dozens of people are attacking them in the comments, some using AI to generate mocking responses.

---

*Which commandments apply? What would you do?*

## SCENARIO: THE COMPARISON TRAP

DIGITAL MENSCHES

A student tells you they feel terrible about themselves after scrolling through a classmate's social media feed, which seems to show a "perfect" life full of AI-enhanced photos.
